```

Professional Summary

Product-focused software professional with 4.5+ years of experience delivering enterprise SaaS solutions across Retail, Healthcare, and Education sectors.

SKILLS

Product Management: Product Strategy, Roadmap Planning, PRDs, User Stories, Acceptance Criteria, RICE Prioritization

AI Product: LLM Product Development, Prompt Engineering, RAG Concepts, AI Agent Workflows, AI-assisted Prototyping

Technical: Python, Java, SQL, REST APIs, Microservices, Git, Azure DevOps, Postman, CI/CD

AI Development Tools: ChatGPT, Claude, Cursor, Windsurf, Gemini, Lovable, Antigravity, n8n

PROJECTS

AI Product Development

PM Opportunity Intelligence Platform

- Developed a production-grade **PM opportunity intelligence platform** using **async orchestration**, Playwright, and AI-assisted development.
- Designed an **AI-powered opportunity discovery and resume intelligence workflow** using AI-assisted development.

NextLeap PM Fellowship Chatbot

- Developed and deployed a **RAG-based AI chatbot** indexing curriculum, tools, and instructor profiles to enable instant answers.
- Implemented **FAISS semantic retrieval + Groq LLM**, achieving **<2 second response time** with contextual accuracy.

Gifthesis AI Gifting Assistant

- Conducted user research to identify pain points in online gifting, translating insights into a 3-step AI journey that improved conversion.
- Achieved **more than 95% recommendation confidence accuracy** using **Groq LLM and structured prompts**.

FELLOWSHIP

Product Strategy & Design

NextLeap PM Fellowship -- Top Fellow | **Dec 2025 -- Apr 2026**

- Top Fellow among 100+ fellows by designing AI-first product concepts from problem discovery through MVP definition.

item Created PRDs, user stories, wireframes, KPI trees, roadmaps, and GTM strategies for AI-powered products.
